

## Giving Back TO OUR COMMUNITIES

At Citizens Community Credit Union, **"People Helping People"** isn't just a catchy slogan we use—it's the philosophy on which credit unions were built and still practice today! And that philosophy isn't just limited to serving and helping improve the financial well-being of our members—it also extends to improving the quality of life of our members and communities.

For more than a decade, our Citizens CARES organization has enabled our employees to truly exemplify the **"People Helping People"** ideology. Citizens CARES is an employee-directed initiative that embodies the spirit of community generosity and giving back, which is the mission of our credit union. This unique organization is comprised of employees across all 8 of our locations and encourages charity fundraising and community volunteerism while giving our staff the opportunity to support organizations and causes that are near and dear to their heart.

In 2022, Citizens and our employees supported more than 100 different community organizations and foundations across our 8 branch communities through financial contributions, resource donations and volunteer efforts. Those volunteer efforts culminated into more than 1,000 hours of donated time by employees to local organizations and events.

"As a credit union, it is both an obligation and a privilege to give back," says Dan Scott, Chief Executive Officer. "We are proud to support the organizations and groups that make a difference in the lives of our members and enrich the communities in which we live, work and raise our families."
